THIS AGREEMENT is entered into by and between the City of Sunnyside, , hereinafter referred to as the Employer, and the International Association of Fire Fighters Union, Local #3542, hereinafter referred to as the Union or Employees. 2.1 Neither the Employer nor the Union will discriminate against any employee because of race, color, creed, national origin, ancestry, sex, age ,marital status, sexual orientation, honorably discharged veteran or military status, or the presence of any sensory, mental, or physical disability, or the use of a trained dog, guide, or service animal by a person with a disability unless, based upon a bona fide occupational qualification.

2.2 Wherever words denoting the masculine gender are used in this Agreement, they are intended to apply equally to either gender.

2.3 The Employer and the Union agree not to discriminate against any employee for his membership or non-membership in the Union.

ARTICLE 3 - UNION SECURITY

3.1 The Parties agree that it is not a condition of employment to be a member of the union based on Supreme Court of the United States ruling Janus vs. AFSCME in 2018. The employer, while having remain neutral in regard to membership, recognizes the union as the sole bargaining unit representative relative to wages, hours, and working conditions for all represented firefighters and officers as enumerated in RCW 41.56.

ARTICLE 4 - PAYROLL DEDUCTION

4.1 Check-off Authorization. When a "voluntary check-off" authorization is furnished by the Union and signed by the employee, the Employer agrees to deduct from the employee's pay the Union's regular initiation fee and/or dues as prescribed in the "Voluntary check-off" form. This deduction will be taken twice a month. The full amount of money so deducted by the employer shall be promptly forwarded to the their bank by ACH and a list showing employee names and the amount deducted from each employee forwarded to the union

4.2 Notice. When the Employer hires a new employee, the Employer shall notify the Union within fourteen (14) calendar days of the date of hire.

4.3 Hold Harmless. The Union shall indemnify and save the Employer harmless against any and all claims, demands, suits, or other forms of liability that shall arise out of, or by reason of action taken, or not taken by the Employer in reliance upon documents, cards, or other information furnished to the Employer by the Union in complying with any of the provisions of this Article.

ARTICLE 5 - UNION BUSINESS

5.1 The Union may have and attend meetings, on duty, while on non-structured time, regular Union meetings at the central fire station provided such meetings do not interfere with the work at the station and subject to prior notice to the Chief.

5.1.1 Special Meetings may be held during structured time, subject to prior notice to and approval of the Fire Chief or his designee at the central fire station.

5.2 The Employer will allow Negotiating Team Members, subject to prior approval of the Fire Chief, to exchange shifts, or hours of work within a regular shift, with bargaining unit employees of equal rank and/or equally qualified employees for the purpose of face to face negotiations for collective bargaining agreements. Shift trades, or hours of work within a regular shift, shall not create any overtime or any additional compensation liability for the Employer. At no time will shift trades, for the purpose of collective bargaining, result in one employee working more than seventy-two (72) continuous hours.

ARTICLE 6 - UNION BULLETIN BOARD

6.1 The Employer agrees to furnish and maintain a suitable board in a convenient place in each station and work area to be used by the Union. The Union shall limit its posting of notices and bulletins to such bulletin board. The bulletin board is not to exceed 12 square feet.

7.1 The Union recognizes the exclusive right and prerogative of the Employer to make and implement decisions, without bargaining collectively the decision and effects, regarding the following:

- 7.1.1 To determine the Fire Department's mission;
- 7.1.2 To determine the Fire Department's budget;
- 7.1.3 To determine standards of service offered to the public;
- 7.1.4 The right to continue to operate, utilize and assign all Volunteer Fire Fighter operations, qualifications, staffing levels, assignments and working conditions regarding volunteers serving the Fire Department as Volunteer Fire Fighters; and,
- 7.1.5 To revise operations based on budgeting constraints and/or areas of public need as determined by the City Council.

7.2 The Union also recognizes the exclusive right and prerogative of the Employer to make decisions without bargaining collectively about the decisions, regarding the following:

- 7.2.1 To determine the makeup of the Fire Department's work force and make changes, from time to time, including the number and kinds of classifications, and to direct the Employer's work force toward the organizational goals established by Employer.
- 7.2.2 To determine methods and number of personnel needed to carry out the departmental operations and services.
- 7.2.3 The right to introduce and use any and all new or improved equipment, facilities and/or methodologies for improved and more efficient services to citizens; and,
- 7.2.4 The right to establish and operate sub-stations, to re-locate, to re-organize, or to combine work and scheduling.

7.2.5 The right to lay off employees due to lack of funds, lack of work, budgetary constraints and/or reorganization.

In regards to Section 7.2 above, if the employer makes a decision about these Employer rights and if the Union identifies bargainable effects which are not already addressed in the agreement then the parties will negotiate about the effects. If the effects cannot immediately be identified, the parties then, by mutual agreement, may agree to defer bargaining to a mutually agreed upon time frame, subsequent to implementation, to allow the effects of the decision to become more defined.

ARTICLE 8 - PREVAILING RIGHTS

8.1 All rights and privileges held by the employees at the present time, which are not included in this Agreement and which do not conflict with any provisions of this agreement or applicable laws or regulations shall remain in full force and effect.

ARTICLE 9 - PERFORMANCE OF DUTY - RULES AND REGULATIONS

9.1 The Union and the Employer agree that the public interest requires the effective and uninterrupted performance of emergency services. The Union and Employer pledge their best efforts to avoid any conduct contrary to this objective.

9.2 The Union and the Employees shall not cause, encourage, or participate in any strike, picketing, slow downs, sick outs, walk outs, or any other work stoppage or interference with the Employer's services; provided, however, that informational picketing is permissible if there is no interference with the Employer's services and operations. Union activity shall not interfere with the operation of the fire department.

9.3 Any violation of this Article shall constitute cause for disciplinary action in accordance with the discipline provisions.

9.4 In addition to Section 9.3, no individual shall receive any portion of salary or benefits as provided by the Employer while engaging in activities in violation of Section 9.2.

9.5 The Union agrees that its members shall comply in full with the Fire Department Rules and Regulations, including those related to conduct and work performance.

ARTICLE 10- SHIFT TRADES

10.1 Employees shall have the right to exchange shifts with equally qualified employees, subject to prior approval of the Fire Chief or his designee. Shift trades shall be a no cost item to the Employer.

ARTICLE 11- UNIFORMS

11.1 The employer shall furnish all uniforms, safety footwear, protective clothing and devices required of employees in performance of their duties, and cleaning thereof, subject to the conditions stated in Section 11.2 below.

11.2 All uniforms, safety footwear, protective clothing and devices must comply with WAC 296-305 and be approved by the Fire Chief. Approved items shall be worn by the employee during structured time and all applicable calls, and shall not be worn or used by the employee for any purpose other than performance of the employee's work duties for the Employer. Upon determination by the Fire Chief that footwear has worn out, the Employer will replace such footwear, and will accommodate the individual preference of the employee for such footwear, provided the cost for such requested footwear does not exceed Three Hundred Dollars (\$300) and sufficient budgeted funds are available to support such preference. In the event the Fire Chief denies the footwear request, the employee may appeal the decision to the Department Safety Committee, whose decision is final.

11.3 The employer shall provide each member covered by this agreement who cannot obtain a proper seal, his or her own SCBA face piece. Spectacle kits with lenses shall be provided to the employees who wear corrective lenses and request spectacle kits and lenses.

11.4 Take home vehicles: This will be set forth in a department policy issued by the Chief.

ARTICLE 12 - PERSONNEL REDUCTION

12.1 The Employer has the right to lay off Employees due to insufficient funding, changes in work requirements and/or re-organization, as determined by the City Manager. If the Employer determines that a lay off is necessary then the layoff will be carried out consistent with the following provisions.

12.2 In case of a layoff, the employee in the affected classification (i.e. Fire Fighter or Captain,) having the least seniority shall be laid off or demoted first, in accordance with the following:

12.2.1 If the classification subject to layoff is Captain, the Captain(s) with least seniority shall be demoted to Fire Fighter and then the least senior Fire Fighter shall be laid off, and,

12.2.2 If the classification subject to lay off is Fire Fighter, the Fire Fighter(s) with least seniority will be laid off first.

Time in the affected classification shall be given first consideration. If time in the affected classification is equal, scores on the Certification List(s) shall govern, such that the Employee with the lowest score on the most recent Certification List shall be laid off or demoted first as described above. If scores on the certification list are equal, then time in the affected classification shall govern such that the employee with the least time shall be laid off or demoted first as described above.

12.3 When Employees are laid off, their names shall be placed on a two (2) year re-employment list in inverse order of lay off. This list shall stand for a period of two (2) years. If the Employer determines and decides to recall personnel for employment, and if the recall list Employee(s) is currently qualified, then such Employee(s) will be given the opportunity to return to work subject to their ability to pass the physical requirements and subject to their having maintained or re-acquired the necessary certifications, prior to being rehired in accordance with Article 16.

ARTICLE 13 - GRIEVANCE PROCEDURE

13.1 Policy. The parties recognize there is a need to provide a mechanism to deal with the parties' grievances. It is the desire of the parties to adjust grievances informally wherever possible, and both management and employees are expected to make every effort to resolve problems as they arise. However, it is recognized that there may be a grievance which can be resolved only after a formal review. Accordingly, the following procedure is hereby established in order that grievances covered by this agreement may be resolved as fairly and expeditiously as possible. Nothing in this agreement shall preclude the right of the two parties to meet and verbally discuss the grievance in an attempt to resolve the issue.

13.2 Definition. A grievance is a dispute involving the interpretation, application, or alleged violation of any provision of this collective bargaining agreement

13.3 Process. A grievance must be filed within twenty (20) calendar days of the incident or when the grieving party reasonably should have become aware of the circumstances giving rise to the grievance. Failure to adhere to this time line and time lines listed below shall render the grievance forever waived and null and void.

13.3.1 Step 1 – Grievance Filed With Fire Chief. The Employee shall file a written grievance with the Fire Chief within twenty (20) calendar days of the incident or when the grieving party reasonably should have become aware of the circumstances giving rise to the grievance. Upon timely receipt of the grievance, the Chief shall investigate the issue(s) and notify the Employee and the Association President in writing of the decision, and the reasons there for, within twenty (20) calendar days. If the Chief determines a meeting is necessary with the Employee and the Association President then the Chief shall issue a written decision within twenty (20) calendar days of the meeting. If the Employer has a grievance, it shall be

submitted to the Union representative within twenty (20) calendar days of the circumstance giving rise to the grievance.

13.3.2 Step 2 – Grievance Appealed to City Manager. If the grieving party is dissatisfied with the decision of the Chief and the grieving party wishes to appeal then he/she must, within twenty (20) calendar days of receipt of the Chief's decision, appeal the grievance to the City Manager. The City Manager shall issue a written decision to the employee with a copy to the Association President within twenty (20) calendar days from the receipt of the grievance or within twenty (20) calendar days from the date of a grievance meeting if one is held by mutual agreement of the parties. If there is an Employer Grievance, it shall be submitted within twenty (20) calendar days to the authorized Union representative.

13.3.3 Step 3 – Grievance Appealed to Arbitrator. The Union Executive Board controls whether or not to go to arbitration for the Association and the Employee. Except as provided in Section 13.3.5, a grievance which is not resolved as set forth above may be appealed to arbitration. Either party may invoke arbitration only by timely written submission of the grievance within twenty (20) calendar days of the response in Step 2 above to the other party. The submission must identify the previously filed grievance and set forth the issue(s) which the moving party seeks to have arbitrated.

If the matter is timely submitted to arbitration, the Employer and the Union shall start the process to select an impartial arbitrator within ten (10) calendar days after the arbitration request is timely received by the responding party. If the parties cannot mutually agree on an arbitrator, either party may, within ten (10) calendar days of the disagreement, request a list of eleven (11) qualified arbitrators from the Federal Mediation and Conciliation Service (FMCS), American Arbitration Association (AAA) or Public Employment Relations Commission (PERC). From that list, within ten (10) calendar days after its receipt, the parties shall flip a coin to determine who shall strike the first name, then each will alternately strike one of the names submitted until only one name remains. The person whose name remains shall be selected as the sole arbitrator. Hearings will be governed by the rules and procedures of FMCS, AAA or PERC.

The arbitrator shall render a decision as promptly as possible. The arbitrator shall confine himself/herself to the issues submitted for arbitration and shall have no authority to determine any other issues not so submitted to him/her. The arbitrator shall have jurisdiction and authority only to interpret, apply, or determine compliance with the specific terms of the agreement and shall not have jurisdiction to add to, detract from, or alter in any way the provisions of this agreement. The arbitrator shall not have jurisdiction to award attorneys' fees, costs, expenses, punitive damages and compensatory damages (other than back pay or back benefits if applicable). The decision shall be final and binding upon

the parties to the grievance, provided that the decision of the arbiter is neither arbitrary nor capricious, nor exceeds the arbiter's authority.

The arbitrator's fees and expenses, the cost of any hearing room, the cost of a court reporter, and transcription shall be borne equally by the Employer and the Union. The costs, expenses and attorney's fees incurred by each party, shall be the sole responsibility of and borne by the party incurring them. In no case shall the arbitrator award one party's costs of arbitration and attorney's fees incurred against the other party. Either party has the right to request a court reporter and transcript of the proceedings. In such event, the expenses of the reporting and transcript shall be borne equally by the Employer and the Union.

13.3.4 Any grievance which the Employer's management shall have against the Union shall be reduced to writing and submitted to the president of the Union Local as per Step 2. If the matter is not satisfactorily settled at Step 2, appeal may be instituted as set forth in Section 13.3.3, Step 3, above.

13.3.5 If the subject matter of a grievance could be appealed to the Civil Service Commission for fire employees of the City of Sunnyside, the matter may be submitted for determination to the Civil Service Commission or grievance procedure, but not both. If it is to be reviewed by the Civil Service Commission, the request for an investigation hearing must be submitted in writing within ten (10) calendar days from the incident. If the employee chooses to proceed with the grievance procedure, then the time lines of the grievance procedure must be followed. Failure to adhere to the time lines shall render the grievance forever waived and null and void. Submission of the dispute to the grievance procedure or a hearing by the Civil Service Commission shall bar submission in the other forum.

13.4 Special Provisions

13.4.1 A Union representative and/or aggrieved party shall be granted reasonable time off without loss of pay for the purpose of processing a grievance as provided in Section 13.3.3 Step 3, above.

13.4.2 A grievance may be entertained in or advanced to any Step in the grievance procedure if the parties agree jointly in writing.

13.4.3 The time limits within which action must be taken or a decision made as specified in this procedure may be extended by mutual written consent of the parties involved. A statement of the duration of such extension of time must be signed by both parties involved at the step to be extended.

ARTICLE 14 - WORKING OUT OF CLASSIFICATION - EFFECT ON PAY

14.1 Commencing with the pay period following the date this Agreement is signed by both parties, any person covered by this Agreement who is assigned by the Fire Chief or his authorized designee to carry out the duties of the position or rank above that which he normally holds, shall be compensated in the following manner effective with the signature of this agreement by both parties:

14.1.1 An Employee shall receive an additional ~~five~~ ^{EIGHT} percent (8%) for each hour worked out of class. The intent of this section is to compensate the Employee working out of class on an hour-for-hour basis for those hours worked out of classification.

ARTICLE 15 - VACANCIES AND PROMOTIONS

15.1 When there is a vacancy in a position covered by this Agreement, it is the Employer's sole right to determine whether or not that vacancy is to be filled. If the Employer determines that the vacancy is to be filled, it is the Employer's sole right to determine when the vacancy will be filled.

15.2 All vacancies shall be filled through a competitive examination process determined by the City of Sunnyside Civil Service Commission.

15.3 If and when it is determined by the Employer that a vacancy in a position covered by this Agreement is to be filled, appointment to the position shall be made by the appointing authority from among the top three (3) names on the certification list established for the position. If requested by the passed-over candidate(s), the Employer will provide the passed-over candidate(s) with written reason(s) for not being selected, provided, however, such selection process, written reason(s) and appointment(s) shall not be grievable.

15.4 Entry-level, lateral entry, and promotion eligibility lists shall be maintained in accordance with the rules and regulations of the Civil Service Commission for Fire Employees except as provided in Section 15.5 below.

15.5 Promotional Testing:

15.5.1 Promotional testing for Bargaining Unit Positions is subject to the following provisions:

Step One: A written examination prepared by or purchased from an outside agency experienced in Fire Service examinations will be used for Step One of the testing process. Applicants receiving a passing score will be allowed to proceed to Step Two.

Step Two: A situational review (tactical exercise) or oral board interview, as determined by the Chief, scored by a review panel of experienced Fire Personnel from outside agencies.

15.5.2 After the above testing process occurs, the ranking of the candidates will be forwarded to the Employer by the Civil Service Commission.

15.5.3 Testing procedures and materials and placement of candidates on any eligibility list shall not be grievable. As is current practice, the rule of three shall be applied to the eligibility list in accordance with Section 15.3.

ARTICLE 16 - SALARIES AND SPECIAL PAYS

16.1 Salaries and special pays for bargaining unit employees are set forth in *Appendix "A"* attached hereto and incorporated herein by this reference.

16.2 Emergency Medical Service Incentive Pay. Each Fire Fighter and Captain will receive incentive pay after being certified as an EMT IV, AEMT, or Paramedic (as defined by state law) by the State of Washington and certified by the Yakima County Medical Program Director. The Fire Chief, in his sole discretion, will determine how many certified employees there will be at each level subject to budgetary determinations by the City. Employer will pay the overtime rate for any training the employee is required to attend off duty in order to obtain or maintain an EMT IV, AEMT, or Paramedic certification. The Fire Chief or designee may grant compensatory time or authorize overtime for non-mandatory training that occurs off duty. The Fire Chief or designee may authorize payment of training class fees for higher levels of certifications that are not required for employment but that are of benefit to the city.

Bargaining unit employees who have been certified and who meet the requirements promulgated by the Washington State Department of Health and the Yakima County Medical Program Director will be paid the special pays stated in *Appendix "A"* for any of the following described medical service levels of proficiency, to-wit:

- (1) EMT IV (intra-venous) Technician;
- (2) AEMT (Advanced EMT)
- (3) Washington State EMT Paramedic Certification

Definitions:

Advanced EMT is defined as an Emergency Medical Technician who has completed training beyond the EMT-basic level and meets the National Standards as adopted by the Washington State Department of Health. Advance EMT skills include IV therapy, supraglottic airways, and applicable drug therapy.

16.3 Requirements Pertaining to Certifications.

16.3.1 Subject to the directives of the Fire Chief, it is the responsibility of the Fire Fighter, Fire Fighter with paramedic certification, Captain, or to attend required training.

16.3.2 If the Fire Chief directs any Fire Fighter, Captain, to obtain any certification(s), such Fire Fighter or Fire Captain shall obtain and maintain such certification(s) as a condition of employment. Any Fire Fighter with Paramedic certification hired by the Employer shall maintain, as a condition of employment, his/her Paramedic certification unless the Chief directs otherwise. If a Fire Fighter, Fire Captain, fails to obtain and maintain any certification(s) as directed by the Chief, said Fire Fighter, Captain and/or shall be discharged (terminated).

16.3.3 It is the responsibility of each Fire Fighter, Captain, to maintain current certifications as training instructors in EMS as well as in Fire Suppression. The Chief shall determine, from time to time, how many training instructors are needed.

16.3.4 EMS Certification and Re-certifications.

A. The Employer shall pay for tuition and books for the initial certification and re-certifications for AEMT and Paramedic. If the employee fails to complete the classes, the employee shall be responsible for reimbursing the Employer the full amount of books and tuition.

B. Employer will pay all costs associated with the Sunnyside Fire Department Advanced Life Support/Intermediate Life Support Ongoing Training and Evaluation Program (ALS/ILS OTEP) program and all costs associated with the Yakima County Basic Life Support OTEP program.

C. The Fire Chief or designee will either grant compensatory time or authorize overtime to attend and complete required EMS training.

16.4 Effective January 1, 2014 there shall be up to three percent (3%) match of employee payroll deduction contributions to the deferred compensation plan. If the employee does not make a contribution to the deferred compensation program they are not eligible to receive and contribution by the City of Sunnyside.

16.5 **Spanish speaking Incentive.** Any member of this bargaining unit may be tested by an agency of the employer's choice for proficiency in Spanish language. Upon, passing with 80% or above the member will be compensated at 2.0% of base wage per pay period. This will be effective the first payroll following the passing of the exam.

ARTICLE 17 - HOURS OF WORK

17.1 In compliance with the provisions of the Fair Labor Standards Act, the Employer claims and the Union agrees that the Section 7(k) exemption with a twenty-seven (27) day work period (204-hour threshold) is applicable to the bargaining unit employees represented by the Union. The hours of work and overtime for the Fire Fighters, Captains shall be determined from time to time by the Fire Chief. An example of the schedule of hours of work is contained in *Appendix "B"* attached to this agreement, but

this schedule is subject to change by the Fire Chief. If the Fire Chief determines a change is necessary, then thirty (30) days' notification will be provided to the affected employees, except in the case of an emergency. In the case of an emergency, as much notice as is practicable will be provided.

17.1.1 Changes to Work Schedule that Eliminate 24-hour Kelly Days. The parties agree and understand that current language in Article 17 allows the Employer to change work schedules upon thirty (30) days' prior notice to the Union. In the event the Employer determines and decides after June 30, 2008 to change the work schedule pursuant to the procedures of Article 17 so as to eliminate 24-hour Kelly Days, the parties agree that the "effects" upon implementation regarding affected bargaining unit members' salaries shall be resolved and determined in accordance with this subsection 17.1.1. Upon implementation of such change to work schedule, the employer shall increase the base wage of the affected bargaining unit member by the percentage that the additional hours of new scheduled work bears to the annual hours of scheduled work existing prior to the change of work schedule. (For example, using the change of schedule implemented December 29, 2005, the additional scheduled work hours resulted in an increase of 6.25% of scheduled hours of work. Thus, the base wage of each affected bargaining unit member would be increased 6.25% upon implementation of the new schedule and there will be twelve (12) hours of overtime per twenty-seven (27) day work period regardless of the use of vacation and sick leave; provided, however, no other leave usage will count for overtime purposes).

17.2 Regular Schedule Hours for Firefighters and Captains. An example of work schedules is attached as *Appendix "B"* to this contract. The work shift for 24-hour shift employees shall commence at 0800 and follow through to 0800 the following day. The hours of 0800 to 1800 hours will generally be structured hours.

Effective January 1, 2016, the structured work schedule is as follows, subject to change to meet the needs of the department:

Monday through Friday = 0800-1800

Saturday = 0800 – 1700

Sunday = 0800 – 1300

The hours of 0700 to 800 will generally be structured hours in preparation for the next shift. Generally structured hours may be changed based on changed circumstances. These structured hours need to be flexible so as to accomplish the goals of the Sunnyside Fire Department (e.g. repairs to equipment or station, taking public blood pressures, general information to the public and EMS and fire suppression training to include regularly scheduled drills, etc.). Certain other activities are part of structured hours, such as standbys for public fireworks displays, community events, and medical standbys for football games during each calendar year. The holidays of Thanksgiving Day, Christmas Day, and New Year's Day will have structured hours of 0800 to 1200 hours. For non-24-hour shift employees, *Appendix "B"*, Work Schedule 3, is an example.

17.3 Overtime for Fire Fighters and Captains. Overtime is work performed in excess of the scheduled work (27 days, 204-hour threshold) for hours actually worked which is subject to prior authorization by supervisory or command personnel. Overtime shall be paid at the rate of one and one-half (1 ½) times the employee's FLSA straight time rate. For the purpose of definition, the term 'supervisory or command personnel' shall be construed to be the Fire Chief or persons acting upon orders. Only hours of time actually worked and attendance at Employer mandated drills will be considered when computing overtime. The parties agree and understand that overtime will be calculated on "actual hours worked," which shall not include the hours the bargaining unit member is absent due to sick leave, vacation, military leave, administrative leave or other paid or unpaid leave; Provided, however, and commencing upon any change of work schedule in the future that eliminates the Kelly Days, the effects shall be determined by the provisions of Section 17.1.1.

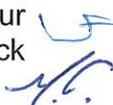

17.3.2 Emergency Call Out/Call Back. An emergency call for which an employee is requested to respond during non-duty hours shall be considered to be a minimum of three (3) hour. Each employee shall receive pay computed at the rate of one and one-half (1 ½) times the employee's FLSA straight time rate for call-back time; however, an employee responding as requested above and dispatched to handle a second or additional calls shall continue to receive the time and one-half (1 ½) rate, but shall not receive additional minimums for such subsequent call(s) until released from service by the officer in charge.

17.4 Pyramiding. There shall be no pyramiding of any time worked for any overtime purposes and no pyramiding for any compensation purposes.

17.5 Compensatory Time. Compensatory time may be accumulated for work that is required in excess of the scheduled work period (27 days, 204-hour threshold) for hours actually worked if compensatory time is mutually agreed upon by the Employee and the Employer for the performance of the duties of the position. The maximum accumulation of compensatory time shall not exceed the hourly limits set forth below as of December 31st of any given year. Any amount in excess of the hour limit will be paid to the Employee. Compensatory time shall be accrued at one and one-half (1 ½) times the actual time worked. Compensatory time off shall be charged at the rate of twenty-four (24) hours per shift. The maximum hourly compensatory time accumulation limit shall be eighty (80) hours. Any compensatory time off taken less than a full shift shall be on an hour for hour basis. Non-FLSA compensatory time will be taken off as directed by the Fire Chief. It shall be the practice of the Employer to provide Non-FLSA time off at the rate of one and one-half (1 ½) times the actual time for public relations classes, medical re-certification classes, Employer mandated fire service training classes and other programs jointly agreed upon by the Employer and Union.

17.6 Short Staffing. When the Fire Chief or Designee determines an operational need to refill a shift due to an unforeseen sick leave absence, the Fire Chief or Designee shall

first call back the member on Immediate Return to Duty Status if one is scheduled, and then call back other members in inverse order of accumulated overtime.

Shifts will be self-scheduled. Employees may opt to self-schedule additional on-call shifts with approval of the Fire Chief. Whenever operational needs allow, the Fire Chief or designee may authorize trades of on-call shifts. On a case-by-case basis, the Fire Chief may waive completion of mandatory on-call shifts.

Once the schedule has been posted, any employee who is on-call must be within a forty-five (45) minute response time to the fire station. In addition, it is the sole responsibility of the employee to find a replacement if they become unavailable to be on-call after the schedule has been set. Coverage must be to the same level of certification required by the Chief for that shift. On-call employees may have to find coverage for shifts in the event an unforeseen emergency occurs at the discretion of the Fire Chief.

If both parties agree that adjustments to this program are needed, they may agree to do so by way of a letter of agreement and do not need to engage in collective bargaining. The current method of implementation will remain in effect until a new agreement is reached.

Any payment for accrued and unused vacation leave, upon termination of employment for any reason, is subject to the limitations and conditions stated in Article 21.

The City shall comply with the State Paid Family Medical Leave (PFML) program RCW 50A.04.010. Beginning January 1, 2019, employees will pay through payroll deduction the full cost of the premium associated with PFML benefits and sixty-three point thirty-three percent (63.33%) of the cost of the premiums associated with the medical leave benefits, as determined under RCW 50A.04.115. The City will pay thirty-six point sixty-seven percent (36.67%) of the remaining premium amount.

18.7 Employees who have days off because of their work schedules, shall receive the same number of days off in lieu of holidays missed, as scheduled by their respective department heads. Sick leave buy back hours shall be considered part of any maximum amount provided for in the applicable Department of Retirement System statutes pertaining to "excess compensation" as set forth in Article 21.

19.1.2 Notification for Fire Fighter and Captains. Notification of absence on account of illness, injury, or exposure to disease, shall be given to the Fire Chief, or his designee, at least one (1) hour before the scheduled start of the employee's shift on the first day of absence. Failure to notify the Fire Chief on the first day of absence may constitute cause for loss of leave at the discretion of the Fire Chief and/or City Manager.

19.1.3 Uses.

A. Personal Illness or Injury. Bargaining unit employees shall be entitled to sick leave benefits when said employees are unable or unfit to report to work as a result of illness or injury, or when, through exposure to contagious diseases the presence of said employees at their post of duty would jeopardize the health of others. A doctor's certificate may be required by the Fire Chief at his discretion.

The remaining vacation during which the employee is ill or disabled will then be deferred.

D. Emergency Leave. "Emergency," for the purposes of this section, means the death or serious illness of a member of the employee's immediate family as defined below. In the event of death or serious illness of a member of the employee's immediate family, said employee

may, subject to the approval of the Fire Chief be absent from duty for not more than two shifts for any one occasion. Such absence shall be charged against said employee's sick leave credits. The parties shall meet to discuss the effects during the sixty (60) calendar day window. If the parties reach agreement, then the parties' solutions shall be implemented. If the parties cannot reach agreement then the Employer has the right to implement its decisions after the sixty (60) calendar day window. The parties will continue to bargain about the effects and if necessary will invoke the jurisdiction of PERC through the statutory process; provided, however, any

subsequent settlements, determinations and/or awards shall be prospective only and shall not be retroactive. The current provider(s) shall provide at least ninety (90) calendar days' written notification to the Employer of the desire to not provide coverage.

In the event an employee shall have a month pass in which he/she is not compensated for the required number of hours for the Employer to pay his/her premium, it is the Employee's responsibility to immediately contact the insurance carrier to determine which of the benefits allow self-payments to continue the coverage for himself/herself and dependents. If an employee misplaces any of the booklets, the Employee should contact the City Clerk's office at 818 E. Edison Avenue, Sunnyside, Washington, 98944 for a replacement copy.

The purpose of the lesser maximum for accrued time is to protect the City from having to pay a lump sum or any other sums due to a determination by the Department of Retirement Systems pertaining to "excess compensation". ARTICLE 35 – RANDOM DRUG TESTING

35.1 Purpose. The City and Local #3542 support a drug free community and in an effort to set an example for the citizens and more particularly the youth of our city have agreed that all bargaining unit employees will be subject to a program of random drug testing administered by an independent third party. This program will be a condition of employment for all employees in this bargaining unit and appointment for all elected officials, appointed voluntary board members of all advisory boards and commissions of the City, and all full and part-time employees of the City. Recognizing that this program must be approved by each bargaining unit of the City and established by ordinance, this article shall not become effective until each bargaining unit of the City has incorporated the same article in their collective bargaining contracts and the City Council has adopted the necessary ordinance to apply the same random drug testing to all elected officials, volunteer board and commission members, part-time employees, and non-represented and management employees of the City. Said ordinance shall require that any employee covered by this bargaining agreement, elected official or volunteer board or commission member who tests positive shall be removed from office and that all management, part-time, and non-represented employees who test positive shall be subject to disciplinary action including termination of employment with the City.

35.2 Any employee in this bargaining unit who tests positive for any alcohol or illegal drugs, or prescription drugs which could negatively affect their job performance and for which they do not have a valid prescription, or which they are not using as directed by their physician, or who refuses to take such test will be subject to disciplinary action including termination of employment with the City. Any employee in this bargaining unit who tests positive shall, on the first such occurrence, be immediately removed from the work place and placed on unpaid administrative leave and shall report to a City approved substance abuse counselor for evaluation as directed by the Fire Chief and shall not return to work until said counselor has notified the Fire Chief that the employee does not pose a threat to the him/herself or other employees, and has, by written agreement, enrolled in an appropriate rehabilitation program. Said employee shall be required to meet all the terms of the rehabilitation program and be subject to additional testing at least monthly until released from the program. For a period of two years such employees shall be subject to testing up to six (6) times in each twelve- (12) month period. Any subsequent positive test during the remaining tenure of the employee or refusal of the employee to submit to any required test or failure to complete any of the terms of the rehabilitation program for such employees shall result in termination of employment.

35.3 Any employee who voluntarily advises the Fire Chief that they have a drug or alcohol problem and who agrees to a plan of treatment or rehabilitation shall not be subject to disciplinary action for the first occurrence so long as they fully comply with the terms of the treatment or rehabilitation program. The treatment or rehabilitation program must be approved by the Fire Chief and the employee must agree that the provider of the program shall share with the Fire Chief periodic reports on the Employee's participation and the final results of the program. Any employee who fails to meet the terms of the program, has a subsequent positive test or has a second occurrence shall be subject to termination of employment with the City.

ARTICLE 36 – LIGHT DUTY

36.1 In the sole discretion of the Chief, an employee may be assigned to light duty following a duty-related injury when released by the Employee's physician. An employee does not have the right to refuse a light duty assignment that is a result of a duty related injury. If an employee is released for light duty by their physician and refuses the assignment it will be consider a voluntary quit.

36.2 Light duty assignments are of temporary duration only, not to exceed a period of four (4) weeks and may be extended an additional four (4) weeks at the direction of the Fire Chief or designee. At no time will a light duty assignment exceed a period of six (6) months. Light duty does not create a position of employment and is not to be considered permanent. Only full-time employees of the City of Sunnyside Fire Department are eligible for light duty assignments. The determination as to whether light duty work exists and the assignment of personnel rests solely with the Fire Chief or his/her designee.

36.3 Light duty assignments will be restricted to work approved by the Employee's treating physician in writing and to work directly related to the Fire Department. The Employee shall provide the Employer with a release from the Employee's treating physician detailing work restrictions while on light duty as well as a projected date for return to full-duty.

36.4 Employees assigned to light duty will not be scheduled to work in excess of a forty (40) hour work week. The number of hours will be agreed to between the Employee and the Fire Chief.

36.5 Employees may request to be assigned light duty work, or at the Employer's request, may agree to work a light duty assignment for non-duty related injuries. Requests may be made at any time during the sick leave period. Once an employee accepts light duty, the Employee may not rescind his/her acceptance of the assignment except upon written direction of their physician indicating that the Employee should no longer perform the light duty assignment, or that the Employee can return to full regular duties.

A. If hours worked are less than forty (40) per week, the Employee shall use sick leave or other leave time to make up the difference between forty (40) hours and the time actually worked. The Employee shall continue to receive his/her regular salary while working a light duty assignment, and shall continue to receive all benefits until all leave balances have been used.

B. While working light duty, the Employee may observe all City Holidays by using accrued holiday leave time or vacation leave time at ten (10) hours per day of work. Employees may utilize accrued holiday and/or vacation leave time for time off during their light duty assignment on an hour-for-hour basis as approved by the Employee's supervisor. Accrual rates for vacation and sick leave will continue at normal shift rates.

C. Employees shall utilize sick leave to attend medical appointments during scheduled work hours and shall notify their supervisor as far in advance as possible of medical appointments.

ARTICLE 37 – FITNESS FOR DUTY EXAMINATIONS

37.1 Fitness for duty examinations will be conducted if the Employer determines such fitness for duty examination is necessary to ascertain whether the Employee can perform the essential functions of the job. A fitness for duty assessment becomes necessary in an incident or event specific setting, or where a pattern of significant sick leave usage or job performance causes the Employer to have a reasonable belief that the Employee may not be fit for duty which may include but is not limited to an injury, or a health or psychological condition that reveals itself while the Employee is on duty or off duty and interferes with the Employee performing the work of the position. If the fitness for duty examination pertains to the Employee's inability to physically perform the essential functions of their job as it relates to the physical exertion required for structural firefighting, then the first requirement shall be for the Employee to pass the fitness standards addressed in the physical fitness incentive program provisions of Section 34.3 of the CBA. If the Employee fails these fitness standards then the Employer has the right to institute disciplinary procedures up to and including discharge. If the fitness for duty examination pertains to other physical or mental conditions that interfere with the Employee's ability to perform the essential functions of the job then the provisions of this Article shall apply.

37.2 On any occasion when the City believes that a fitness for duty examination is necessary with respect to a particular bargaining unit member, the City will notify both the impacted bargaining unit member and Local #3542 of the City's belief in writing, and the City will also explain in writing the basis for its belief in this regard as is set forth in Section 37.1 above. Employee shall provide the City with a patient's waiver of medical information or a release prepared by the City for the purposes of acquiring necessary information from the medical providers to ascertain whether an employee can perform the essential functions of the job.

37.3 The parties agree to the first fitness for duty examination being conducted by Lincoln Avenue Family Medicine at the City's expense and at the time assigned by the City. The Employee shall be placed on paid administrative leave pending the results of said examination. The member will provide the examining physician with a copy of the most recent job description for the member's position, or with other equivalent information.

37.4 If the examination raises fitness for duty issues, only sufficient information necessary to inform of the City of the nature of any fitness for duty issues as they would relate to the Employee's ability to perform the essential functions of his or her job will be released to the City.

37.5 If no fitness for duty concerns are raised by the initial examination, the City will be informed by the physician that the Employee is fit for duty subject to the following provisions.

37.6 Either party shall have the right within no more than ten (10) working days of receipt of the result of the initial fitness for duty examination to seek a second opinion about fitness for duty issue(s) from a physician of the party's choice at the expense of the party seeking the second opinion, if insurance doesn't cover the cost. Sections 37.2, 37.4 and 37.5 above shall also apply to second opinion examinations. The second opinion must be completed within thirty (30) days from receiving the results of the initial examination. If neither party seeks a second opinion then the results of the initial fitness for duty examination shall be binding.

37.7 In case the first and second medical examination/fitness for duty opinions conflict, meaning one indicates fit for duty and the other indicates unfit for duty, the parties will seek a third opinion from a mutually agreed upon specialist physician in the applicable field and shall equally split costs and expenses subject to insurance coverage first. If the third examination confirms that the Employee is fit for duty then the Employee will be returned to duty. If the third examination confirms that the Employee is unfit for duty then it is binding and the Employee shall be discharged (terminated).

37.8 Bargaining unit members with verified fitness for duty issues may be eligible for light duty subject to the provisions of the light duty article in the CBA.

37.9 The City and Union agree to abide by all applicable state and federal laws related to disability discrimination and/or fitness for duty.

37.10 Employees who pass an IAFF Candidate Physical Ability Test will be considered physically capable of performing duties of a Firefighter or Captain.
