Re: Replace Defective Chiller heat exchange at Water Treatment Plant

Campbell and Company is pleased to submit this quotation for the sale and complete installation of a new replacement Carrier chiller heat exchanger to replace the existing defective heat exchanger.

The proposed new chiller heat exchanger is a direct Carrier replacement. Do to the crack in the heat exchanger the glycol/water has been introduced into the refrigerant circuit so new additional driers will be installed and liquid drier cores that will be replaced after the unit operates for a short period of time. Included in the proposal is the following.

- 1-Carrier replacement heat exchanger
- 2- Refrigerant liquid filters driers shell type with replaceable core driers and isolation shut off valves.
- 2- refrigerant suction filter driers
- R-22 refrigerant
- Labor
- Disposal of old refrigerant material
- Labor
- Freight

**Total Job Cost:           \$ 15,696.00 plus sales tax**

**Note:** Please be aware that **all** rental charges related to the use of our portable chiller may be applied toward the purchase of the above listed repairs.

Thank you for allowing Campbell & Co to quote you this project. If you have any questions at all please feel free to contact me anytime at our office.

Sincerely,

*Jack Morris*
