3. ACTIVE AGENDA:

A. Neon Alley Project Update

- D. Day asked of possibilities of moving Neon Alley Project to 5th Avenue in front of the pool. D. Broersma shared that it is the only connection from the pool to centennial square/downtown.
- The board is requesting that we create a 5-6 year plan.
- Signs that will be used need to be evaluated to estimate the cost of rehabilitation or cost of recreating the signs.

4. ITEMS FROM SUBCOMMITTEE MEMBERS:

- D. Vlieger suggested the relocation of the Sunnyview Skate Park to Denny Blaine Park due to no residential conflict visible. Shane F. stated that M. Razy, Parks and Recreation Coordinator has contacted RCO Grants and requested a copy of our contract. The move may be unlikely as it requires a study comparing the number of users from Sunnyside and Grandview.

5. ITEMS FROM STAFF MEMBERS:

- S. Fisher shared that Public Works received a grant of \$50,000.00 from the Department of Ecology for preliminary engineering. In 2014 we will apply for a \$125,000.00 for the construction.
