

RESOLUTION 2015 - 10

**A RESOLUTION OF THE CITY COUNCIL OF THE
CITY OF SUNNYSIDE, WASHINGTON, ADOPTING
FINDINGS OF FACT SUPPORTING IMPOSITION OF
A RENEWAL OF A MORATORIUM IMPLEMENTED BY
RESOLUTION 2013-61 PERTAINING TO
PERTAINING TO RECREATIONAL MARIJUANA
PRODUCERS, PROCESSORS AND RETAILERS.**

WHEREAS, the City Council of the City of Sunnyside approved Resolution 2013-61 on August 12, 2013 implementing and imposing a moratorium prohibiting the production, processing and/or retail sales of recreational marijuana within all zoning districts within the City; and upon the filing with the City, or the Courts of Competent Jurisdiction, any applications for licenses, permits or other approvals for the processing, production, and/or retail sale of marijuana; and

WHEREAS, pursuant to Section 3 of such Resolution and RCW 35A.63.220 and RCW 36.70A.390, the City Council held and conducted a public hearing on September 30, 2013, on such moratorium and thereafter adopted Findings of Fact including a Work Plan on October 14, 2013; and

WHEREAS, Resolution 2013-61 contains ten recitals ("Whereas" statements) justifying its decision to enact a moratorium on the production, processing and retail sales of recreational marijuana; and

WHEREAS, pursuant to RCW 35A.63.220 and RCW 36.70A.390, the City Council may renew the moratorium for one or more six-month periods if a subsequent public hearing was held and Findings of Fact are made prior to each renewal; and

WHEREAS, on August 11, 2014, the City Council adopted Resolution No. 2014-59 renewing the moratorium for six months.

NOW, THEREFORE, IT IS HEREBY RESOLVED BY THE CITY COUNCIL OF THE CITY OF SUNNYSIDE, WASHINGTON, as follows:

SECTION 1. Findings of Fact: The Sunnyside City Council hereby adopts the following Findings of Fact to support the continued maintenance of the moratorium on the production, processing and retail sales of recreational marijuana:

1. On August 12, 2013, the City Council passed Resolution 2013-61, approving six-month moratorium prohibiting the producing, processing and retail sales of recreational marijuana ending the adoption of rules and zoning regulations within the City.
2. On September 30, 2013, the City Council conducted a duly noticed public hearing on Resolution 2013-61. Don Day, City Manager; Patrick Galloway, City Attorney; and Jamey Ayling, Planner presented the staff report.
3. The staff presentation and public comment during the public hearing identified negative secondary land use effects associated with activities related to the production, processing and retail sales of recreational marijuana. These include, but are not limited to: negatively affecting City's economic viability; increased risk that surrounding homes or businesses may be negatively affected.
4. Issues to consider with regard to zoning are whether the City can prohibit recreational marijuana related businesses as uses in certain zones, allow them in only one zone, allow them in all zones, and/or require that the uses be separated from other sensitive uses such as churches, school and the like. The moratorium maintains the status quo and so the production, processing and/or retail sales of recreational marijuana are not allowed during the period of the moratorium.
5. The legality of recreational marijuana producing, processing, and retail sales under the Federal Controlled Substance Act, and the extent to which cities can regulate this activity beyond the rules adopted by the Washington Liquor Control board are still open questions, the answers to which are likely to evolve over the upcoming months. State legislative action is anticipated that will consolidate laws relating to medical and recreational marijuana. The City Attorney's Office and other staff members will have opportunities to work with other jurisdictions and stake holders to receive training and learn from the experiences of others, which will benefit the City in making determinations regarding its zoning policy.
6. On October 14, 2013, the City Council passed Resolution 2013-78 adopting the Findings of Fact, including a Work Plan. The initial

moratorium was extended to one year as allowed by RCW 35A.63.220 and RCW 36.70A.390.

7. On August 11, 2014, a subsequent public hearing was held and the same issues regarding the effects of zoning and legality remained open questions.
8. On August 11, 2014, Resolution 2014-59 renewing the moratorium for an additional six months was passed.
9. On February 5, 2015, a subsequent public hearing was held and the same issues regarding the effects of zoning and legality remain open questions.

SECTION 2. Adoption of Amended Work Plan. The Amended Work Plan, attached hereto as Exhibit "A", is hereby adopted.

SECTION 3. Effective Date. This Resolution shall be effective upon passage, approval and signatures hereon in accordance with law.

PASSED this 5th day of February, 2015.

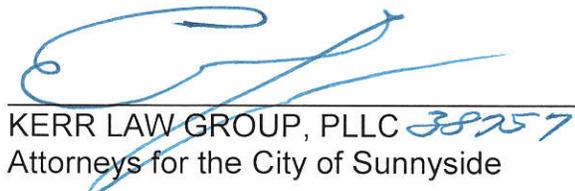

JAMES A. RESTUCCI, MAYOR
